

WHAT WE DO

International Montessori Teachers Training Institute (IMTTI) and International Institute of Early Childhood Care and Education (IIECCE), both are established to help meet the growing demand for Preschool teachers in India and abroad. Students from all states of India, Gulf countries, North America, Europe, South Africa, Australia, Singapore, Indonesia, and the Far East participate in various courses offered by our institutions. These courses equip participants to understand child psychology and educate children at the preschool level (3 to 6 years of age) anywhere in the world.

Apart from training the educators, we closely work with parents to fulfil the objectives of early childhood / pre-primary education and work on the holistic development of children.

Our teacher training programs are designed to allow existing and aspiring educators to provide quality early childhood learning for children to be good human beings.

OUR OBJECTIVE

To spread quality early childhood education and awareness about Montessori Methodology to all corners of the world. To instill in every teacher the light of the Montessori guiding spirit and work towards the betterment of Mankind.

OUR TEAM

- IMTTI is a well-established institution started under the guidance of an educationist having more than 35 years of experience.
- Our management ensures continuous support to study centers apart from the extra resources provided to the students for their overall personality development.
- The Center Directors of IMTTI & IIECCE are well trained and experienced. Along with conducting the teacher training sessions, they are known for handling well-established schools and kindergartens.
- Our faculty members have visited many educational institutions and universities and acquired international experience in education and employment.
- At IMTTI & IIECCE, we believe in 3Rs that are Respect, Response, Relationship, and spread these values among the learners.

INITIATIVES OF IMTTI & IIECCE

- We are known for conducting quality teacher training diplomas and certification programs in Early Childhood Care & Education / Montessori Teaching Practice
- We have more than 630 centers globally
- Our alumni get placement in renowned educational institutions/schools or open their early childhood centers to promote quality early childhood education
- We offer 100% placement support and assistance
- We conduct various programs to promote positive learning, effective parenting, and Montessori learning
- We train school-educators and spread awareness about the best practices of early childhood education.

IMTTI & IIECCE – PROVIDING ACADEMIC EXCELLENCE

- We have started these institutions to fulfil the learning needs of young children, existing/aspiring educators, and parents.
- We understand the importance of early childhood education and hence work towards spreading it with quality rather than promoting rote learning.
- We design the program curriculum keeping in mind the end goal of providing overall development to young children. Hence the program curriculum is being updated continuously.
- We do not believe in training maximum numbers but providing personalized attention to our program students. It helps us to train educators who can support providing holistic learning to young children in the future.
- We follow a policy of providing practical and hands-on training. Hence, we ensure that the students complete their internship or start working while pursuing the programs to understand the practical applications of the program curriculum.
- We have trained and experienced faculty members in each field of early childhood education. Our trainers conduct the program sessions and ensure that the students have a thorough practical understanding of each subject. We make sure that before they all begin their careers, they all are ready to face the challenges as early childhood educators.
- We have well-set procedures and feedback mechanisms to ensure quality learning.
- We support our alumni members to get placed in good educational institutions and maintain a good presence in the education industry.

IMTTI & IIECCE - ALUMNI PLACEMENT

We are committed to providing lifetime learning and placement support to our alumni members.

Our alumni get placed in renowned educational institutions such as schools, training institutes, and corporates, working in the field of education, etc. based on their credentials and competencies

We believe in providing individual attention and quality learning apart from upgraded curriculum to all our students.

We provide our students with good interaction opportunities and networking platforms to ensure their placement in well-established institutions

OVERVIEW – IMTTI & IIECCE PROGRAMS

All the programs have been thoroughly researched and planned to bring a gradual shift in the mindsets and competencies of existing/aspiring educators. Our programs empower them to impart holistic education to young minds.

Anyone who has a passion for young children and has 10+2 from the recognized board can pursue these programs and start their career as an educational professional.

However, we recommend our students to do these programs after graduation to have a successful career in teaching with renowned schools as that is basic qualification in demand.

WHO MAY DO THIS COURSE?

- Students who wish to start their own Preschool / Montessori School
- Students who would like to become early childhood educators or Montessori educators
- Existing teachers who wish to gain insight into the best practices of early childhood education
- Parents who would like to understand the natural laws of growth and self-construction in a child and help their children to grow to their utmost potential
- Anyone who has a passion for working with young children
- People who would like to support the special children in learning and development

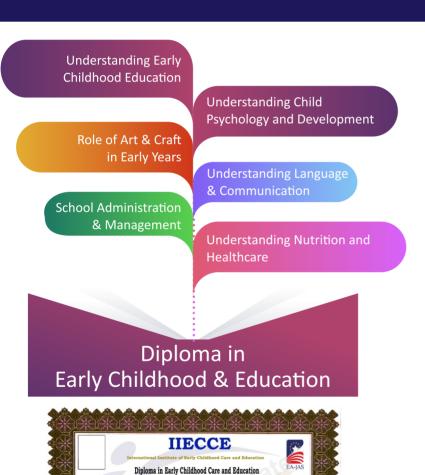

OUR DIPLOMA PROGRAMS

These programs deal with the basics of Early Childhood Education and provide the framework for the teaching-learning process.

Understanding observation and reflecting upon self is an integral part of these programs. In addition to imparting essential competencies and skills for curriculum and content development, these training programs also emphasize 21st-century skills and focus on students' practical life, sensory, cognitive, socio-emotional development, and language development.

TESTIMONIALS

If you want to choose teaching profession, this is the right place. They cover all the topics and give best learning. Yes, Tutor is strict no way to escape. You must study and complete your task on time. They will provide you job opportunity during your training and will send you to schools for observation. Whatever you learn will be practical based.

Priya Das

Diploma in Montessori Teaching Practice

TESTIMONIALS

The curriculum that Maitree offers is a dynamic package. It was an enriching learning experience. our trainer, Mrs. Anita Avinash is extremely helpful and empathetic. She was always very co-operative and supportive during the course. The lectures were very interactive and interesting. The Montessori practical manual containing the practical aspects of teacher training is a treasure trove and I shall cherish it forever.

I highly recommend it for people who want to pursue teacher training course. Thanks.

Shruti Bhalekar

Perhaps the best institute for Montessori training. Institute coordinator Anita Avinash has excellent knowledge of Montessori curriculum. classroom sessions have been highly informative and interactive. I definitely recommend Maitree institute for Montessori training.
